

Under the Magnets Act of 1905, to protect the collection against a collection of information, interest, degree, a good (1905) under, under

## DECLARATION (37 CFR 1.53) FOR UTILITY OR DESIGN APPLICATION USING AN APPLICATION DATA SHEET (37 CFR 1.76)

METHOD OF PREPARATION OF A FUNGAL GLUCANE HYDROGEL HAVING ANTIBACTERIAL AND IMMUNOSTIMULANT ACTIVITY, AND USE THEREOF

As the below named inventors, I/We declare that:

The defendant is directed to:

- ☐ The attached application, or  
☒ Application No. AT 13-00002201 filed on January 2, 2018  
☐ As amended on \_\_\_\_\_ (if applicable)

Do you believe that these are the original and true intentions of the subject matter which is claimed used for which a patent is sought?

I/We have reviewed and understand the contents of the above identified application, including the claims, as amended by any amendment specifically related to: above;

We acknowledge the duty to disclose to the United States Patent and Trademark Office all information known to us that is material to patentability as defined in 37 CFR 1.56, including for continuation-in-part applications, material information which became available between the filing date of the prior application and the national or PCT international filing date of the continuation-in-part application.

W.A.B.N.S.

Postpetition applicants are cautioned to avoid submitting personal information in documents filed in a patent application that may constitute a *Kimley* leak. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider retracting such personal information from the documents before submitting them to the USPTO. Petitioners/applicants are advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

All statements made herein of my own knowledge are true, all statements made herein of information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under 18 U.S.C. 1001, and may jeopardize the validity of the application or any contract resulting therefrom.
